## Beautiful & Lights

Why fool away your life with oil lamps that require your constant at tention and cleaning and can be used in only one room by a few persons around it. when you can have electric lights in every room in your house? You can switch them on and off in a second. No carrying of lamps from room to room, and no danger. Electric lights are the best and the cheapest lights in the world. What are oil lamps compared to them? An electric lamp will light the whole room. The reader in the corner has just as good light as the one directly under it. Is this true of oil lamps? Wiring your house is not expensive, and you have an instant light in any room. One dollar per month will pay your light bill for a five room or a six-room house if you use electric current without wasting it. Can you maintain six oil lamps and have them ever ready for use at one dollar per month? What is the use of your wasting your life and doing without the greatest convenience of this scientific age? Have your house wired now and enjoy the Beautiful Lights in your own home.

WE WILL GIVE AN ELECTRIC IRON TO ALL PERSONS HAVING THEIR HOUSES WIRED BY JUNE 1, 1916 MANSFIELD LIGHT & POWER COMPANY, MANSFIELD, MO.

Consistency

OU want a motor car that will serve you consistently. You want to know that your car can be relied upon day in and day out. You want high mileage per gallon of gasoline and freedom from repairs and readjustments. And you want these things, not occasionally, but continuously-day after day.

On these qualities the Maxwell has made good. If has proved its worth, When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a short time ago it travelled for 44 consecutive days and nights and its performance was con-

It went about 500 miles each and every day. It went within a small fraction of 22 miles to every gallon of gasoline. It went the whole distance of 22,000 miles-probably further than you would travel in two years-without any repairs or readjustments. Every one of eight tires (two sets) went just about 9,800 miles and the others finished in good chape. For consistency and reliability this record far excels anything we ever heard of.

You can get a Maxwell, an exact duplicate of the record breaking stock car, on the partial payment plan we have perfected. All you have to do is to make the initial payment, then take the car and pay the balance as you ride. The unusual value of the Maxwell, together with our easy payment plan of purchase, is bound to dispose of our allotment of cars very quickly. Better make your reservation now, delivery later if you prefer.

Touring Car, \$655. Roadster, \$635. MANSFIELD MOTOR COMPANY

#### Farm House Burns Sunday

The house occupied by A E Peabody and wife 21 miles south of Mansfield, was destroyed by fire Sunday morning, together with all the contents. The house belonged to C. A. Dozier of Teague, Tex. His loss is about \$500 Mr. Peabody's loss is about \$250 There was no insurance on either the house or contents. J. A. Marsh, who boarded at the Peabody home, also lost his personal belongings in the fire. The oriwas at the house at the time. Mr. home at 8:30 a.m. There had R. Short discovered the fire, but is had gained such headway that nothing could be saved. Sidney Williams 'phoned Mr. Peabody and wife of the fire and they returned to find everything burned They and Mr. Marsh saved nothing but the clothes they were wearing at the time of the fire. Mr. Peabody and wife had been married but a short time and the fire is quite a severe blow to them. They have the sympathy of our people in their loss.
